

Essential for community Essential for environment

Waste Recycling Industry Association (NT) inc

Our Organisation

WRINT is Northern Territory's leading waste and recycling industry association representing the legitimate operators of the sector.

Members provide an essential community service for all Northern Territorians in the responsible handling, safe removal, treatment and disposal of all wastes (liquid, solid, regulated and hazardous).

Our members recover and recycle important secondary resources, and locally manufacture products from these resources.

WRINT promotes thought leadership to all its stakeholders, advocating industry issues with purpose and focus for achieving sound economic outcomes, underpinned by innovative environmental practices.

The Association Members Code of Conduct

Being a Member of the Association by the payment of its annual membership fees the Member agrees to abide by the Association's voluntary 'Code of Conduct'.

The intention of this code is to provide confidence in the ethical standards by which the Associations Members operate, to all federal, state as well as local government authorities, agencies and departments, companies, sole traders and the community, utilising member's services.

- Members shall provide leadership for the industry and foster strong ethical standards at all times.
- Any meeting under the control of the Association shall be conducted in a manner that conforms to the Act and laws applicable in the Northern Territory.
- A Member shall not discuss with another member information for the purpose of fixing prices or other actions that may contravene the Competition and Consumer Act 2010.
- Any Member who works adversely to the interests of the Members may be deemed to have infringed these rules and be subject to removal of its membership from the Association.
- A Member shall act in a courteous and professional manner at all times.
- A Member agrees to conduct its activities within the law at all times.
- If a Member has come into possession of commercially sensitive information belonging to another Member, that information must not be disclosed without the written consent of the Member who owns the information.
- A Member agrees to comply with and to conduct its business within the State of Queensland in accordance with all regulatory, statutory and other planning and operating requirements that are proclaimed by law and in the spirit of the industry.
- Any complaint by a corporate Member may be referred to the Executive Committee for determination and the decision of the Executive Committee shall be final according to the rules as set by the Association.
- All services provided by the Association Members must be undertaken with due care and skill, professionalism, and all effort must be made to ensure the smooth, effective and professional performance of work.
- Staff at all levels shall be suitably trained of the tasks to be undertaken.
- A Member is required to conform to the Occupational Health & Safety Regulations, rules, codes and any other State regulations pertaining to the waste & recycling industry at all times.
- Equipment must be suitable for the task it is to undertake and must be maintained in accordance with all applicable laws and regulations.
- A Member must pay any membership fee within 30 days from the date of issue.
- A Member should participate in the Association meetings and activities as best as is practicable.
- Members must notify the Executive Officer in writing of any change in contact details of ownership management and change to its representatives of the Association.

WRINT Objectives

WRINT is an industry association representing the interests of its members in relation to and in connection with the waste, recycling and secondary resource management industry in Northern Territory.

Without limitation the objectives of the Association are:

- to promote, lobby and influence change for advancing the interests of the waste, recycling and secondary resource management contractors of Northern Territory;
- to promote the industry in Northern Territory, communicate issues relevant to the industry's security and maintain good relations between the Members and state as well as local government authorities, agencies and departments, companies, sole traders and the public;
- to assist and facilitate training and encourage any technical or other form of education for operators within the industry;
- to assist and facilitate industrial relation matters relevant to the industry and its Members;
- to obtain, collate and publicise relevant information of the industry;
- to support other associations and organisations with interests in whole or part similar to the Association;
- to do all such matters and things as are necessary or expedient to further the objects of the Association;
- to do all such lawful things as may appear to be incidental or conducive to the objectives, or as resolved by the executive to be in the interests of a Member/s or the industry;
- to adopt any additional objects from time to time as determined by the executive;
- the purposes and powers specified shall, except where otherwise expressed, be independent main purposes and powers, and the Association shall also have the powers set out in the Act. The purposes and powers are not limited or restricted by implied reference to or inference from the terms of any other clause.
- not to apply or receive government funded or third party grants for any reason, unless this is approved by the full membership at an AGM or by holding an extraordinary meeting.
